

International

Are you looking for a specialist to help you expand your export business in the following fields?

- live transport
- controlled-temperature refrigerated transport
- industrial transport, with handling
- city-centre deliveries

Harness the power and expertise of the MOUSSET Group's network of overseas subsidiaries.

Training

All of our local drivers receive the same MOUSSET Group training to become:

- Logistics experts
- Product experts
- Client relationship experts

A rapid response

- Local managers will be rapidly deployed near the client site. These professionals coordinate and train their teams of drivers, ensuring that they are able to offer a full, comprehensive service you can rely on
- They are bilingual, and will be dedicated to your account
- They oversee a fleet of dedicated vehicles

Quality and safety

- A personalised safety protocol will be developed and implemented
- Every applicable driving, safety and hygiene regulation is fully documented and adhered to
- Current "well-being" standards are also applied consistently

Logistics

- A fully-equipped fleet of vehicles (all types of vehicles + on-board forklifts)
- Comprehensive goods traceability and vehicle tracking

Locations

- Poland (all national destinations)
- Morocco (all national destinations)
- Ukraine

If you have any questions, [contact us](#)

Our services

The MOUSSET Group is dedicated to providing the highest quality goods transport service for our clients. We can guarantee an optimum service across the board, in the food and drink, agricultural, industrial, logistics and distribution sectors.

POLAND

- [Live transport](#): Poland is the leading poultry-producing country in Europe, and we specialise in poultry transport. It's only natural that we work alongside Polish producers and help optimise their development strategy.
- [Controlled-temperature transport](#)
